

Galapagos Islands Video - Reflection Honors Biology

A one-page reflection write-up using the following key words:

Charles Darwin

Galapagos Islands

Evolution

Adaptation

Natural Selection

Variation

Environment

"Survival of the Fittest"

Descent with modification

Alleles

Genetic Drift

Gene pool

Gene Flow

Mutations

Use complete sentences and follow the writing rubric for your grading critique. This writing piece will be an assessment of your understanding of the material thus far in the Evolution Unit and also includes your personal feedback of the viewed "Voyage to the Galapagos Island" video. Keep this in mind as you develop your reflection piece.

Your write-up should be $1\frac{1}{2}$ - 2 page(s) long and double-spaced with 1 inch margins. It should be typed using a 12 point font and be in black ink on white paper. A title and your name should be placed on the first line - Centered, Bolded and in 12-14 point font.
